

Business Presentation

2021

NPOWER
Power and automation technologies.

Diesel Generator Sets

Low Voltage Diesel Generator Sets (50 – 60 Hz)

- (10 kVA – 3300 kVA Diesel Generator Sets)
- (50 / 60 HZ 380 - 400 VAC Output)
- (Open Type , Sound Proof Canopy or Containers)

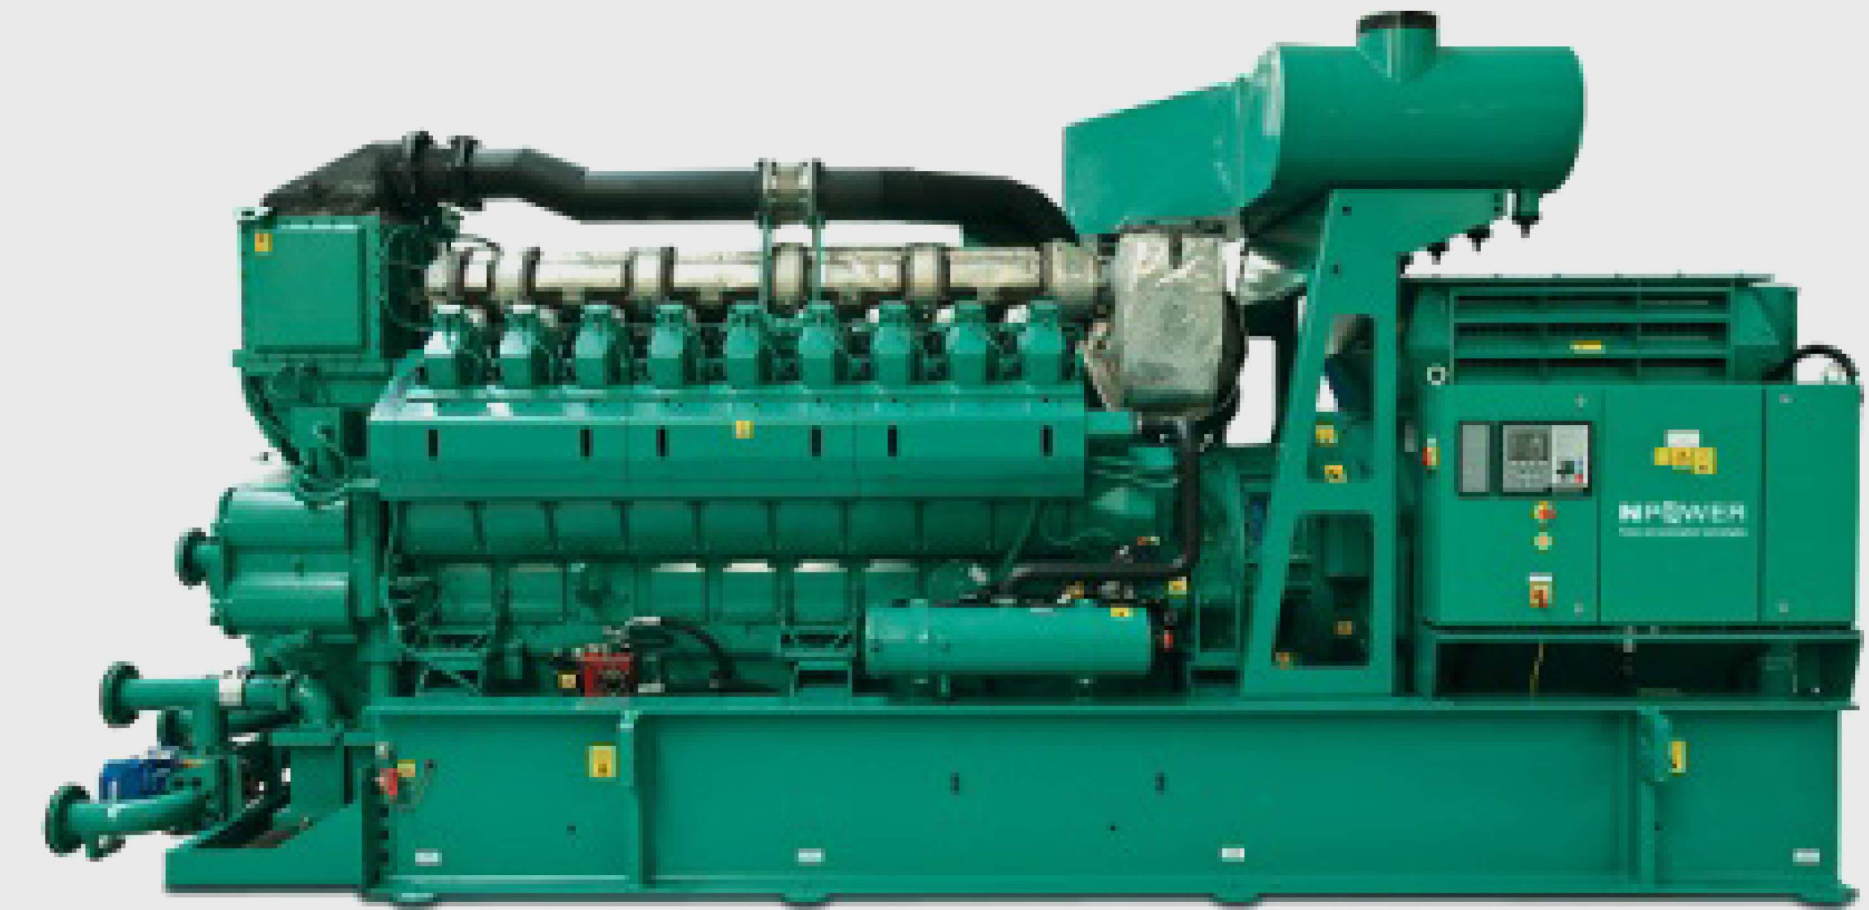

Diesel Generator Sets

Medium Voltage Generators (3 kV – 11kV)

- (500 kVA – 3300 KVA Diesel Generator Sets)
- (50 / 60 HZ 380 - 400 VAC Output)
- (Open Type , Sound Proof Canopy or Containers)

Power Plants

Power Plants

Diesel Power Plants

- (1 MVA – 100 MVA Diesel Generator Power Plants)
- (Inside the Buildings or Sound Proof Containers)

Power Plants

Natural Gas Power Plants

- (1 MVA – 500 MVA Natural Gas Generator Power Plants)
- (Inside the Buildings or Sound Proof Containers)

Containers and Canopies

Containers and Canopies

Canopies

- Weather Proof Canopies
(10 kVA up to 2000 KVA)
- Sound Proof Canopies
(10 kVA up to 2000 KVA)

Containers and Canopies

Containers

- Weather Proof Containers
(400 kVA up to 3300 kVA)
- Sound Proof Containers
(400 kVA up to 3300 kVA)
(20 ft-40 ft- High Cube-Customized)

Fuel Tanks and Fuel Automation

Fuel Tanks and Fuel Automation

- Cubical Fuel Tanks
- Cylindrical Fuel Tanks
- Fuel Tank Automation
- Exhaust Silencers
- Seismic Isolators

Low Voltage Products

- Circuit Breakers
- Residual Current Devices
- Drivers
- Soft Starters
- Wiring Products

SIEMENS

General Electric

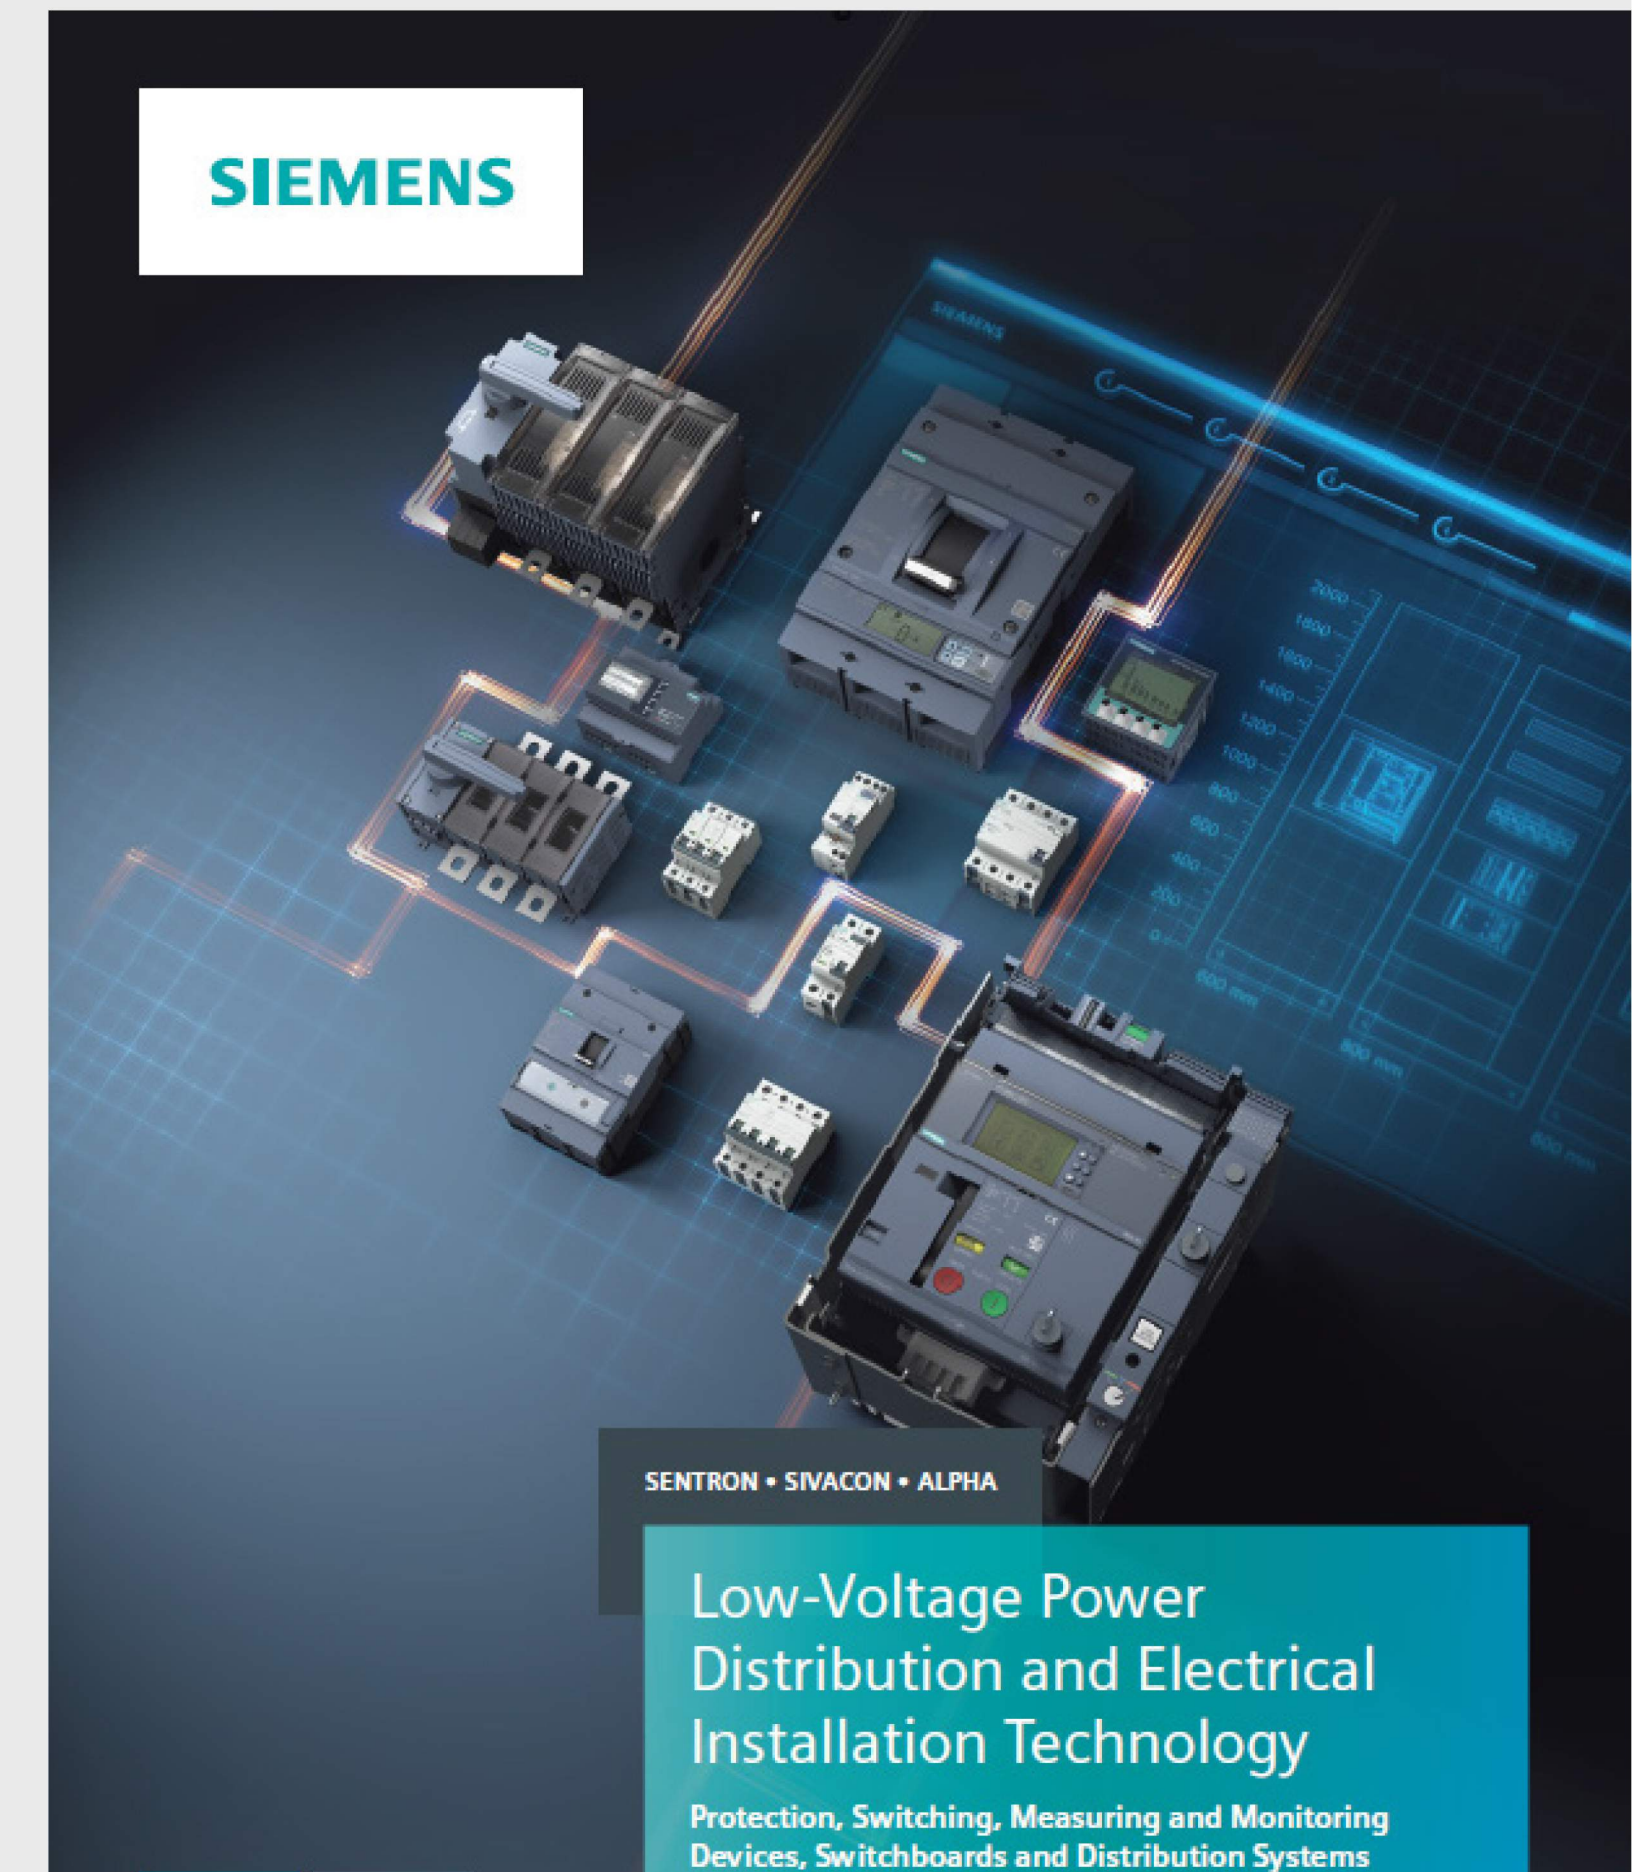

Low Voltage Products

- Circuit Breakers
- Residual Current Devices
- Drivers
- Soft Starters
- Wiring Products

Our Core Business Summary

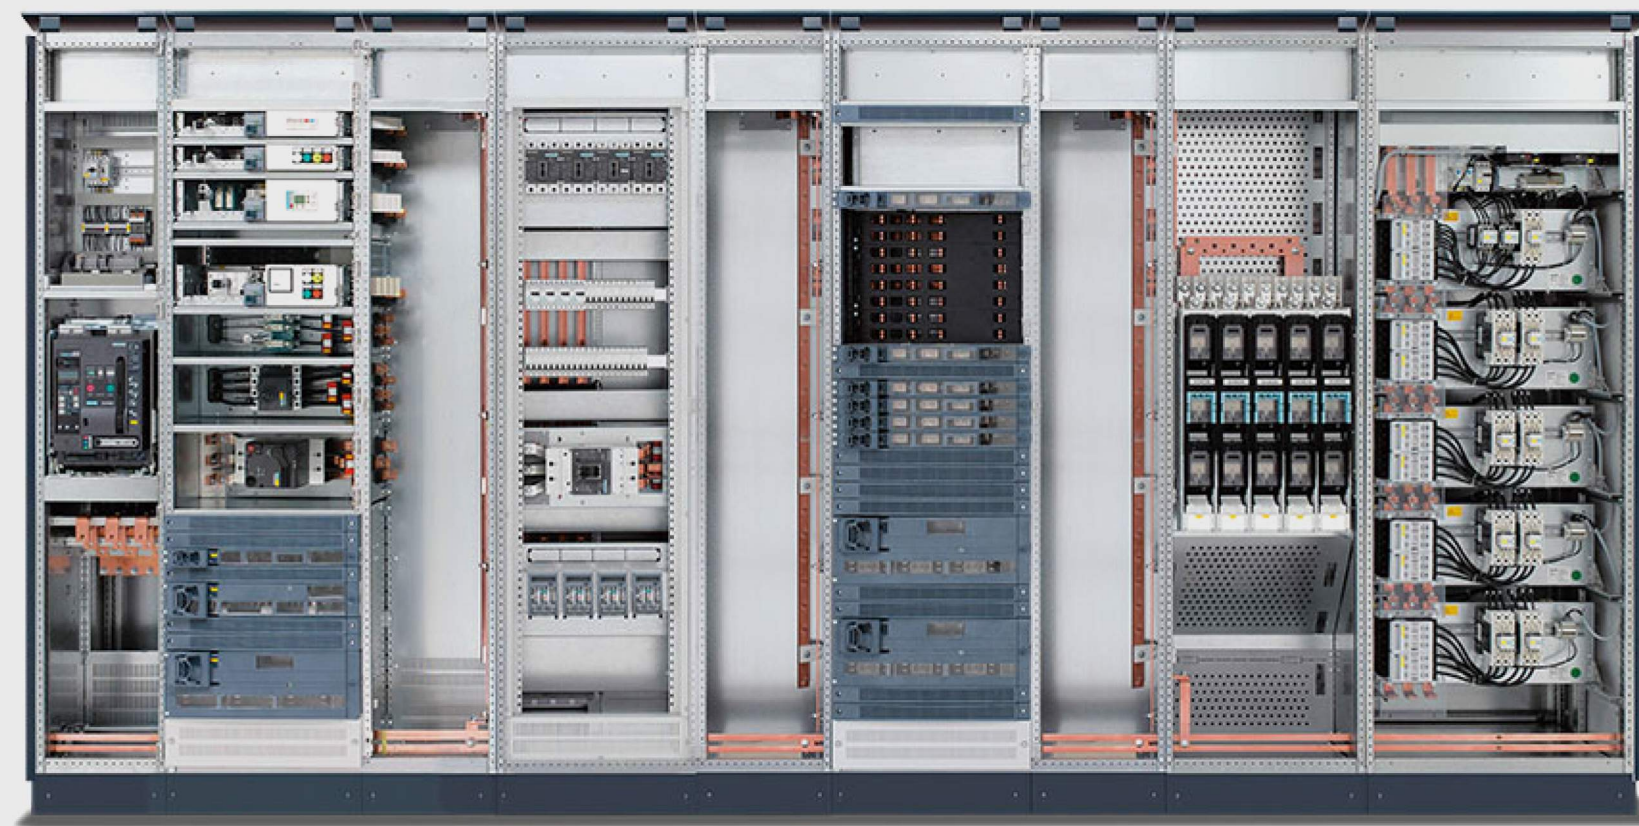

Low Voltage Products

- Circuit Breakers
- Residual Current Devices
- Drivers
- Soft Starters
- Wiring Products

Low Voltage Panels

Medium Voltage Panels

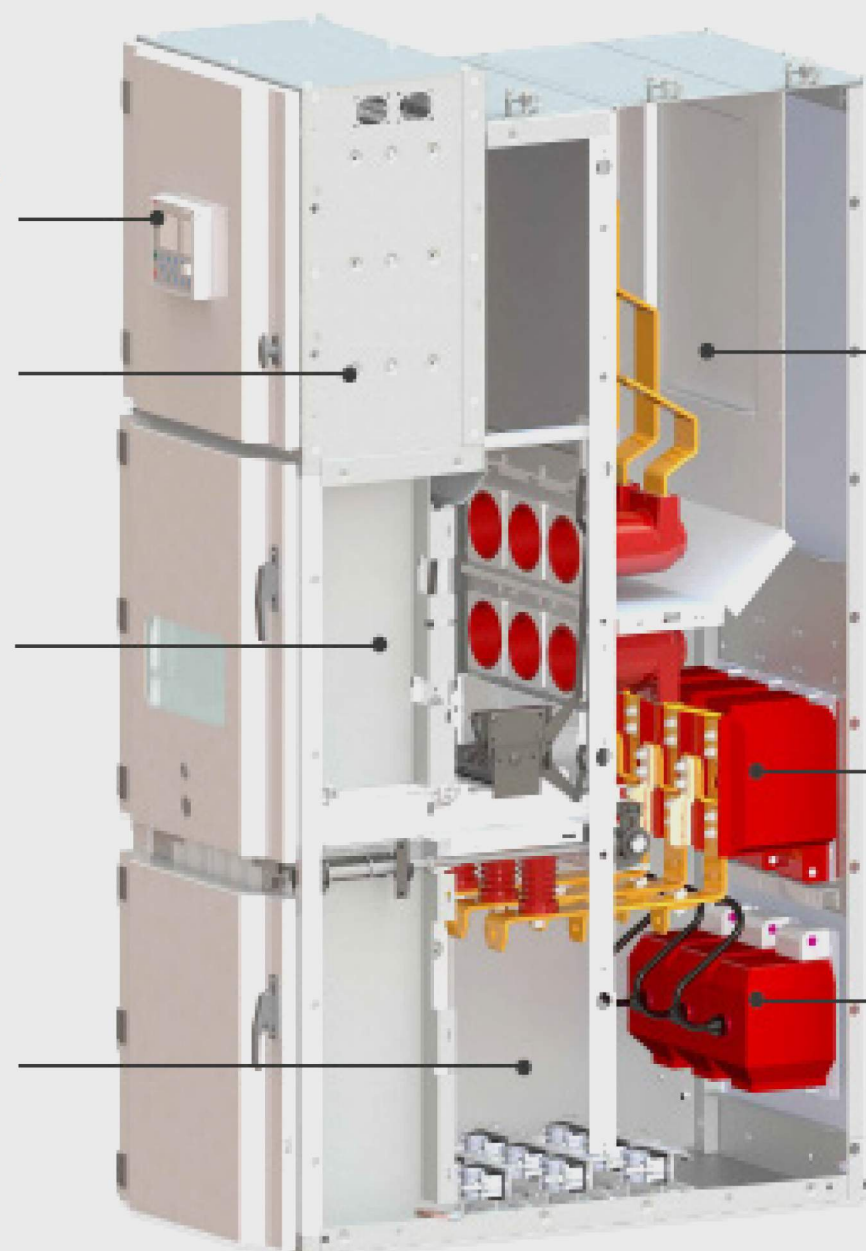

Protection relay
with IEC 61850

Low voltage
compartment

Apparatus
compartment

Cable
compartment

Busbar
compartment

Current transformer

Voltage transformer

SIEMENS

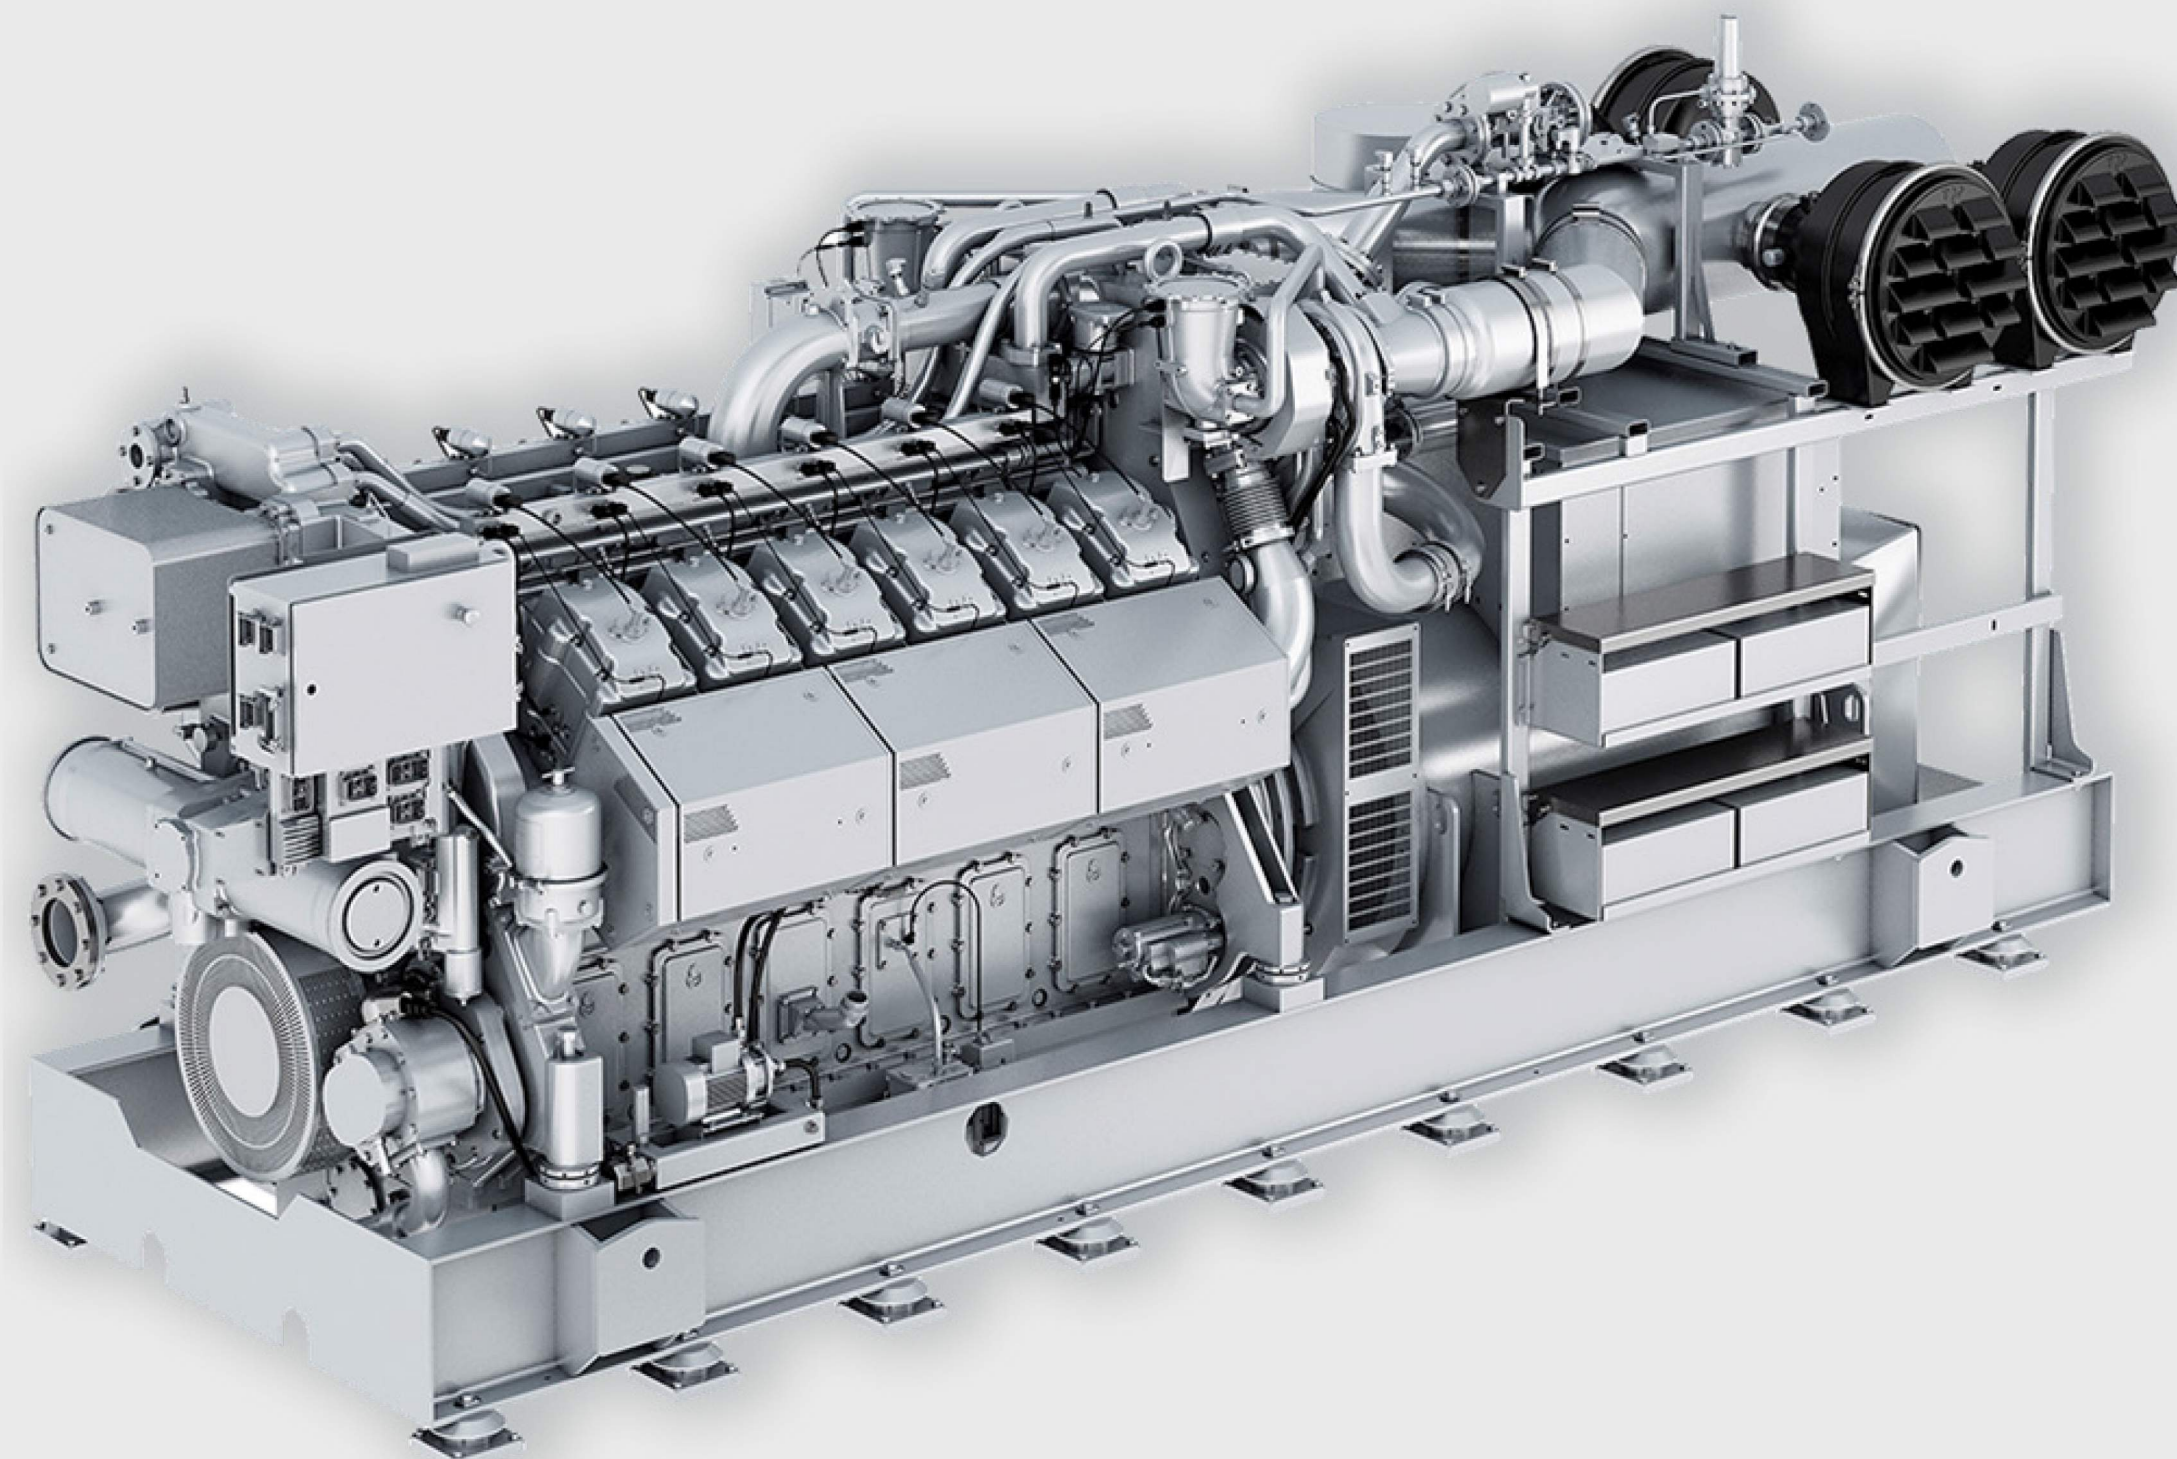

**Air-Insulated Medium-Voltage
Switchgear NXAIR, up to 24 kV**

Medium-Voltage Switchgear

Totally Integrated Power – NXAIR
